Nature of Americans - Official Site The extraordinarily insightful Nature of Americans study illuminates both the longing for and barriers to the natural world, and offers new documentation that will help those who connect children, families, and communities to the natural world. For example, the insight that nature experiences are so often intensely social activities, a reminder of a sometimes forgotten key to connecting children to nature. Major Findings | Nature of Americans Foundational to these recommendations is the core premise that connection to nature is not a dispensable amenity but, rather, is essential to the quality of life, health, social well-being, prosperity, and productivity of all Americans.
